**Meeting Number (Access Code) 927 846 968
Dial-In: 866-469-3239**

This webinar will present alternative scenarios for additional achievable energy efficiency (AAEE) savings for the investor-owned utilities to be incorporated into the 2017 IEPR Demand Forecast. These savings are derived from the most recent CPUC Potential and Goals Study. In addition, the discussion will present CEC staff's preliminary assessment of additional efficiency savings (beyond AAEE) developed by the CEC's Efficiency Division in support of SB 350.

AGENDA

(Times Approximate, With Group Discussion for Each Item)

- 2:00 Welcome and Introductions – Chris Ann Dickerson**
- 2:10 Background and Overview of AAEE Scenarios – Navigant Consulting/CPUC**
- 2:30 Preliminary Scenario Results – CEC Staff**
- 3:00 Beyond AAEE: Additional Efficiency Savings in Support of SB 350 – CEC Staff**
- 3:25 Next Steps/Adjourn**
